Brief Description Of Services : "Campbell County Health Rehabilitation Services provides the most comprehensive physical therapy and occupational therapy care in the region. Our compassionate and experienced staff helps each patient, in a team-oriented atmosphere, reach their goals. Therapists and patients form a partnership and set goals together, working to help the patient function at their highest level, whether at home or work. To receive rehabilitation care, a physician referral is recommended. Specialty Services available: • Aquatic therapy in Gillette's only therapeutic swimming pool • Cancer Rehabilitation • Concussion treatment • Cupping • Dry needling • Pelvic Physical Therapy • Speech and Swallowing Therapy • Sports Medicine / Functional Health • Excel Athletic Performance Program • Back to work rehab with Work Hardening and Work Conditioning programs • Body Mechanics Education Classes • Ergonomic Evaluations • Functional Capacity Evaluations • Pre-employment and return to work screenings and evaluations"
