Address : Campbell County Memorial Hospital, 501 S. Burma Avenue, Third Floor

Brief Description Of Services : Campbell County Medical Group (CCMG) Nephrology and Complex Medicine provides care for adult patients in Gillette, Wyoming. Dr. Robert Neuwirth is an internal medicine doctor and kidney specialist at Campbell County Medical Group Nephrology and Complex Medicine, who practices with nurse practitioners Amy Hawk and Anne Jones. The three of them are now accepting new adult patients who are looking for a comprehensive approach to primary care called the medical home model, which means they collaborate as a team to help patients make informed decisions about their health—from acute illness to routine immunizations.
